*Sofita*

*Dear friends,*

*What an incredible honour it is to share exclusively with you our emblematic Nosotros Sofita thanks to Charles Mitchell! Let me tell you why it is such a dear wine to me.*

*Sofita, as many other great wines in our winery, was born as a tribute to special people in my life. Sofita, actually Sofija, was the wife of my best friend and associate, Jorge Galante. She was well educated, elegant and delicate. Yet, she was a very strong woman who spent her life helping others after having experienced extremely hard times during Second World War. After she died, we decided to honour her memory with this special wine.*

*The label represents her grace and femininity. We decided to include this beautiful bouquet of lilies and azaleas because she loved flowers and had a wonderful garden which she personally took care of. The wine is elegant, complex and balanced to symbolise the brilliant woman it is named after.*

*I truly hope you enjoy having this wine and sharing it with your loved ones. A toast to those who left a mark in our hearts, just like Sofita did.*

*Cheers,*
